COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Applicants gratefully note the allowance of the claims in the present application. Applicants, however, believe that the Statement of Reasons for Allowance in this case is improper as it does not clarify the reasons for allowance, and therefore, this statement is unnecessary and unwarranted. While Applicants believe that the claims are allowable, Applicants do not acquiesce that patentability resides in each feature or combination of features, exactly as expressed in the claims, or that each feature or combination of features is required for patentability, or that equivalents of any of the recited features are outside the scope of the claims. Moreover, to the extent the Reasons For Allowance do not separately address the additional subject matter of

remaining Claims 4-8 and 11-13, Applicants do not acquiesce to any inference that these claims do not present patentable subject independent of the patentability of Claims 1, 2, 3 and 10.

Respectfully submitted,

Dated: July 18, 2006
